AGARTALA MUNICIPALITY**Conditions and restrictions for granting house-connection**

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of chapter V of the Bengal Municipal Act, 1932 as extended to the Union Territory of Tripura, on the annual value of such holding, when such annual value is not less than Rs 300/- a ferrule connection from the service pipes of the Commissioners for the purpose of the lending water to such holding for domestic purpose only.

Sanction for all connection, plumbing work (Mentioned in clause 5(1) (a) which have not been completed within 3(three) months of sanction shall be considered as automatically revoked and fresh sanction must be obtained before the connection is made.

- 1. The owner or the occupier of any holding requiring water pipe to be laid on to such holding for domestic purpose shall apply to the Administrator/Chairman for the same on the printed form to be available to the Municipal office at the cost of Rs.1.00 per form. The condition subject to which a house connection will be given as set out in the form and the owner or the occupier shall give the statement undertaking to observe the rules and house connection will be given.**
- 2. A fee of Rs 200/- must be paid to the Commissioners by such owner or occupier for each connection to a Municipal main supply line before any work commenced, such fee shall be in addition to all other costs and charges imposed under these conditions and restrictions and terms and any other rule made in this respect.**
- 3. Each holding shall have a separate connection to the Municipal main supply pipe. On application, a holding consisting of 2 or more houses (excluding out-house) in one compound, may at the discretion of the Commissioners shall be split into parts and each part connected separately to the Municipal main supply pipe provided that the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under the clauses No5(iii)(a). All such connection shall, for the purpose of Clause 2, be treated as separate connection. Extension from the communication pipe of one holding to another holding shall not be permitted and the combination of holding for such purpose shall not be allowed.**
